

App Store Sales Statement

Developer
Grigory Moroz

Platform
Apple App Store

Reporting Period
2025-11-30 to 2025-12-27

Generated
2026-01-12

Summary

| Currency | Units Sold | Net Proceeds |
|----------|------------|--------------|
| EUR | 1 | €3.43 |
| TRY | 2 | TRY 242.80 |
| USD | 3 | \$8.40 |

3 currencies • 6 transactions

Payout Reconciliation

Net proceeds were generated in multiple currencies. Apple converts all proceeds using internal exchange rates and remits a single consolidated payout to the developer's bank account. Exchange rates used by Apple are not disclosed in this report.

Tax Handling Notice

Apple acts as Merchant of Record for App Store transactions and is responsible for the collection and remittance of applicable indirect taxes (including VAT, GST, and Sales Tax). Amounts shown represent net proceeds payable to the developer, as reported by Apple.

This document is a sales statement generated from Apple App Store financial reports. It is not an invoice issued by Apple Inc. This tool does not calculate taxes. Generated by AppStore Ledger (appstoreledger.com).
